(Stock Code: 8162)

**THIRD QUARTERLY RESULTS
FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2016**

**CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”)
OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK
EXCHANGE”)**

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

Accounting estimates and assumptions are used in the preparation of financial statements. Although these estimates are based on management’s best knowledge and judgment of current events and actions, actual results may be ultimately different from those estimates and assumptions. In preparing these condensed consolidated financial statements, the significant judgments made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements of the Group for the year ended 31 December 2015.

These condensed consolidated financial statements are presented in Hong Kong dollars (“HK\$”) and have been prepared under historical cost convention, except for certain financial instruments and inventory, which are measured at fair value.

The Group has not early adopted any new HKFRSs that have been issued but are not yet effective for the current accounting period.

4. OPERATING SEGMENTS INFORMATION

The information reported to the executive Directors, who are the chief operating decision makers for the purpose of resource allocation and assessment of performance, is the financial information of the Group as a whole as reported under HKFRSs. 8. EARNINGS/(LOSSES) PER SHARE

The calculation of the basic and diluted earnings/(losses) per share are based on:

	(Unaudited)			
	Three months ended		Nine months ended	
	30 September	2016	30 September	2016
Profit/(loss) attributable to owners of the Company (HK\$'000)		<u>2,093</u>	<u>(142)</u>	<u>5,951</u>
Weighted average number of ordinary shares for the purpose of basic earnings per share	<u>400,170,000</u>	400,170,000	<u>400,170,000</u>	400,072,234
Effect of diluted potential ordinary shares: Share options	—	—	—	136,604
Weighted average number of ordinary shares for the purpose of diluted earnings per share	<u>400,170,000</u>	400,170,000	<u>400,170,000</u>	400,208,838

For the three months and nine months ended 30 September 2016, the computation of diluted earnings per share does not assume the exercise of the Company's outstanding share options since the exercise price of the share options was higher than the average market price of the Company's share during the three months and the nine months ended 30 September 2016. Accordingly, the basic and diluted earnings per share are the same.

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

The Group's income was mainly generated from the sales of silver, gold and tin products. During this quarter, benefit from resumption of gold and tin trading and increase in silver processing activities, the Group achieved a significant increase in the revenue for the nine months ended 30 September 2016.

For the nine months ended 30 September 2016, the Group recorded a revenue from metal sales of approximately HK\$1,733 million (2015: approximately HK\$750 million), representing an increase of 131% as compared with the corresponding period of last year, of which 72% was contributed by sale of silver products and the remaining were contributed by sale of gold and tin (2015: 99% silver products). Other than the revenue from sales of gold and tin products, the increase was mainly due to increase in quantity sold of silver products by 34% to 247 tonnes (2015: 184 tonnes), resulted from the turnaround of the silver industry in Hong Kong.

On 23 June 2016 (after trading hours of the Stock Exchange), the Company entered into the placing agreement with the placing agent pursuant to which the placing agent has conditionally agreed to procure not less than six placees to subscribe for the convertible bonds with an aggregate principal amount of up to HK\$36,800,000 at the placing price. On 15 July 2016, completion of the placing agreement took place and the convertible bonds with an aggregate principal amount of HK\$36,800,000 were issued to the placees and 80,000,000 conversion shares will be allotted and issued by the Company upon exercise in full of the conversion rights attaching to the convertible bonds at initial conversion price of HK\$0.46 per conversion share.

Outlook

For the coming future, the Group will continue to carry on its sales of metal, which mainly from silver product. The silver market price materially affected the silver industry of Hong Kong. Due to the significant fluctuation of silver market price in the past few years, the Company would actively seek for new market opportunities and development of new business to strive for a sustainable development and to bring the maximum returns for all the shareholders.

Financial Review

For the three months ended 30 September 2016, the Group had a total income of approximately HK\$597 million (2015: approximately HK\$191 million), representing an increase of 213% as compared with the corresponding period of last year. The Group recorded profit of approximately HK\$2.6 million (2015: loss of approximately HK\$0.1 million), representing an increase of 19 times as compared with the last corresponding period. The increase in profit was due to (i) the profit contributed by the resumed tin and gold trading which has not been operated last year; and (ii) the increase in the sales of metal as compared with the corresponding period in last year.

COMPETITION AND CONFLICT OF INTEREST

Apart from the business of the Group, Mr. Tan is also engaged in the other businesses including directly and indirectly owned equity interests in (i) GobiMin Inc., which is engaged in the exploration and exploitation of mineral resources in Xinjiang, PRC, shares of which are listed on the TSX Venture Exchange in Canada; and (ii) Timeless Software Limited (“Timeless”), which is principally engaged in the information technology business and mining business, and shares of which are listed on GEM, at 30 September 2016.

The Directors believe that the investments referred above are in completely different sectors from that of the Group and therefore do not and will not compete with the business of the Group. The Group is mainly engaged in the trading of metals in Hong Kong, while GobiMin Inc. is involved in upstream activities of exploration and mining which involve entirely different technologies, machinery and expertise. Accordingly, the Group and GobiMin Inc. and its subsidiaries (“GobiMin Group”) are positioned in different specialized segments of the industry. The products of GobiMin Group may be similar with that of the Group such as gold, but the market of GobiMin Group is in the PRC while the Group is in Hong Kong and overseas (excluding the PRC) and as such, our Directors consider that there is no overlapping in respect of the market between GobiMin Group and the Group. Furthermore, Timeless is involved in the information technology sector and mining business which is entirely different from our metal processing and trading business.

Mr. Tan, a director of both of the Group and GobiMin Group, has entered into a deed of noncompetition in favour of the Group (the “Deed”). The Deed is ceased on 26 August 2016 as Mr. Tan ceased to own 30% or more issued share capital of the Company. Details of the deed of non-competition are set out in the section headed “Relationship with Our Controlling Shareholders” in the Prospectus.

Apart from those investments disclosed above, to the best knowledge of the Directors, none of the Directors, management, shareholders or substantial shareholders of the Company or any of its respective associates has engaged in any business that competes or may compete, either directly or indirectly, with the businesses of the Group, as defined in the GEM Listing Rules, or has any other conflict of interests with the Group during the period ended 30 September 2016.

INTERESTS OF THE COMPLIANCE ADVISER

As notified by the Company's compliance adviser, Alliance Capital Partners Limited ("Compliance Adviser"), except for the compliance adviser agreement entered into between the Company and the Compliance Adviser dated 27 March 2014 and effective on 5 August 2014, neither the Compliance Adviser nor its Directors, employees or associates had any interests in relation to the Company as at 9 November 2016 which is required to be notified to the Company pursuant to Rule 6A.32 of the GEM Listing Rules.

AUDIT COMMITTEE

We established our audit committee on 22 July 2014 with written terms of reference that was amended and adopted with effect from 1 January 2016 in compliance with paragraph C.3 of the Corporate Governance Code as set out in Appendix 15 to the GEM Listing Rules. The duties of the audit committee include reviewing, in draft form, our annual report and accounts, half-yearly report and quarterly report and providing advice and comments to the Board. In this regard, members of audit committee will liaise with the Board, our senior management and auditors. Our audit committee will also consider any significant or unusual items that are, or may need to be, reflected in such reports and accounts and give consideration to any matters that have been raised by our accounting staff, compliance officers or auditors. Members of our audit committee are also responsible for reviewing our Company's financial reporting process, risk management and internal control systems.

The third quarterly report of the Group for the nine months ended 30 September 2016 has been renewed by the Company's audit committee.
