The Group's principal activities mainly divided into four categories include sales of metal, trading of electronic products, provision of merchandising support services and provision of money lending services.

Sales of metal business

The Group processed approximately 246 tonnes (2017: 402 tonnes) of silver scrap for the nine months ended 30 September 2018 of which represent decrease of 38.8% as compared with the same period of 2017. Revenue from sales of metal represent 100% (2017: 98%) from sale of silver products and the remaining were sale of gold and tin in the same period of 2017.

Trading of electronic products

One of the Group's subsidiaries established in PRC has started operation of trading of electronic products in PRC since 2017. As our performance are highly dependent on source of electronic products from our suppliers, the business performance may fluctuate and may not as better as the same period of 2017. For the nine months ended 30 September 2018, revenue of approximately HK\$13.0 million (2017: HK\$64.4 million) has been generated and contributed to the Group.

Provision of merchandising support services

During the period, the Group has completed the acquisition of 50% equity interest in 上海孚瑞恒眾汽車科技有限公司 (Shanghai Friction Automotive Technology Co., Ltd*) ("Shanghai Friction") which is principally engaged in provision of merchandising support services for trading of automotive parts in the PRC. The merchandising support services were mainly provided to China Yantai Friction Co., Ltd., a shareholder of 20% indirect equity interest in Shanghai Friction. On 29 June 2018, the Group consent the revocation of the voting undertaking by 上海厚途汽車科技有限公司 (Shanghai Houtu Automotive Technology Co., Ltd.*) ("Shanghai Houtu") with effective from 30 June 2018 which resulted in losing control over Shanghai Friction. Provision of money lending services

One of the Group's subsidiaries has obtained a money lenders license (under Money Lenders Ordinance, Chapter 163 of the Law of Hong Kong) since the year 2017 and is lawfully engaged in provision of money lending services in Hong Kong. For the nine months ended 30 September 2018, the size of the business still small as the Group stand in prudent approach on money lending business to earn interest from our borrowers. As at 30 September 2018, the amount of loan receivable from a customer is secured by a property in Hong Kong.

Outlook

The Group will continue to carry on sales of metal, trading of electronic products and provision of money lending service in Hong Kong and PRC.

During the period, we have explored new sector of business of provision of merchandising support services for trading of automotive parts. However, the management of the Group conducted an effective and in-depth review of the operation and prospects of all business units since May 2018 and concluded that the business segment of merchandising support services could not reach the appropriate scale and generate commensurate investment return due to lack of growth potential. Such business segment no longer be part of the Group since 30 June 2018.

The Group will keep looking for any opportunity for the development of new business, study cooperation opportunities with Chinese or international well-known companies, use of financial and capital instruments; extend new business areas; strive for sustainable development; and generate maximum returns for all the shareholders.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

During the nine months ended 30 September 2018, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities.

COMPETITION AND CONFLICT OF INTEREST

Apart from the business of the Group, Mr. Tan is also engaged in the other businesses including directly and indirectly owned equity interests in (i) GobiMin Inc., which is principally engaged in the investment in equity, debt or other securities as well as direct ownership stakes in projects, including the development of mineral properties in Xinjiang, PRC, and shares of which are listed on the TSX Venture Exchange in Canada; and (ii) Timeless Software Limited ("Timeless"), which is principally engaged in the information technology business and mining business, and shares of which are listed on GEM, at 30 September 2018.

The Directors believe that the investments referred above are in completely different sectors from that of the Group and therefore do not and will not compete with the business of the Group. One of the business of the Group is trading of metals in Hong Kong, while GobiMin Inc. and its subsidiaries ("GobiMin Group") is involved in upstream activities of exploration and mining which involve entirely different technologies, machinery and expertise. Accordingly, the Group and GobiMin Group are positioned in different specialized segments of the industry. The products of GobiMin Group may be similar with that of the Group such as gold, but the market of GobiMin Group is in the PRC while the Group is in Hong Kong and overseas (excluding the PRC) and as such, our Directors consider that there is no overlapping in respect of the market between GobiMin Group and the Group. Furthermore, Timeless is mainly involved in the mining business which is entirely different from our metal processing and trading business.

Apart from those investments disclosed above, to the best knowledge of the Directors, none of the Directors, management, shareholders or substantial shareholders of the Company or any of its respective associates has engaged in any business that competes or may compete, either directly or indirectly, with the businesses of the Group, as defined in the GEM Listing Rules, or has any other conflict of interests with the Group during the nine months ended 30 September 2018.
